<p><b>Western Harbour Tunnel &amp; Warringah Freeway Upgrade:</b></p>	<p>BE: Work on the freeway expansion has begun. Residents close to the development are already being affected.</p> <p>JP: The recent UN report into climate change reinforces the need to get petrol powered vehicles off the road. We need to half emissions by 2030. The situation is actually much worse than what the reports show because the crisis is being downplayed for political reasons.</p> <p>BP: Unfiltered emissions (from the WHT and BLT) are a threat to our children’s health.</p> <p>PW: We have tried hard to tackle those issues but have had little traction.</p>
