

Summary of Actions Arising (SOA) Stanton Precinct 2023

This document is North Sydney Council's response to actions arising from Precinct Committee Minutes. On receipt of the minutes, actions are numbered and allocated to relevant Council Officers for response.

To effectively manage and provide clarity, all actions are allocated a status when reporting to Precinct Committees in response to their minutes. There are three categories:

- **Awaiting Response** - action allotted to Council Officer - response awaited.
- **Open/Ongoing** - action allocated to Council Officer, initial response provided. Matter ongoing and further response/update to be provided at later date.
- **Closed for Council** - Council either completed related works/tasks or has taken all reasonable steps within its power to resolve issue (for example when matter is beyond its jurisdiction). If the Precinct Committee feels Council can take further steps, they can request Council reopen action.

Questions or concerns re content of this document should be directed to precincts@northsydney.nsw.gov.au

Month	Item	Actions	Council's Reply	Status
April	3.1	St Leonards Park lighting - Precinct had a strong view that upgraded lighting should be located to the side, rather than the middle of the paths.	Council's Manager Parks & Reserves has advised paths that are already done lighting is along the edge of the path and that will be the same for any other upgrades.	Closed for Council
	OB3	Council DA, for display/advertising pylons - Precinct expressed concern about the absence of notification and transparent process. These structures do not appear to be beneficial for resident amenity and clear footpaths.	Council's Executive Assessment Planner has advised that the Precinct Committee's feedback is noted. Council has engaged external independent planning consultants to undertake an assessment of the proposed advertising panel in accordance with State Environmental Planning Policies. The signage proposals have been prepared following a Council tender process for Advertising on Selected Council Infrastructure which concluded in February 2022. The assessment of advertising structures against planning controls, including consideration of submissions, will be addressed at a later date by the North Sydney Local Planning Panel, who operates independent	Closed for Council

			of North Sydney Council. The concerns expressed in the submissions received in response to the formal public consultation process will be considered both by the independent planning consultant and the Planning Panel at that time. Those submitters to the proposal(s) will also be able to address the Local Planning Panel before they are determined.	
March	3a	Ridge St bridge temporary arrangements - Precinct discussed the current interim ramp is inefficient and unacceptable, and the extent of construction noise is unacceptable. Precinct considered Option 2 (i.e. ramp with lift) is the superior option by a strong margin.	Noted by Council's Public Projects Interface Manager.	Closed for Council
	3b	Bradfield Park - Precinct discussed the recent events and felt that Council should have resisted more strongly on behalf of the community, that matters should not be rushed through without proper consultation and the absence of proper information did not permit residents to determine an informed position.	Noted by Council's Sustainable Transport Project Coordinator	Closed for Council
	OB2	Compliment - NSC's "safety around schools" initiative was commended, and Precinct heard that this correspondence had been sent to all Wenona parents.	Compliment noted by Council's Road Safety Coordinator	Closed for Council
