

APPENDIX 1 HERITAGE – CONTRIBUTORY, NEUTRAL & UNCHARACTERISTIC ITEMS

1.1 INTRODUCTION

Heritage conservation areas have a cohesive sense of place. Their significance is often a function of the subdivision and street pattern, combined with buildings that share common periods of development, historical associations, materials, form and scale.

Buildings that are not heritage items are identified as contributory, neutral or uncharacteristic. The contribution of any building to the conservation area should guide the approach to development.

1.2 GENERAL OBJECTIVES

The general objectives of this Appendix to the DCP is to identify those properties within an heritage conservation area which comprise a “contributory”, “neutral” or “uncharacteristic” item.

1.3 RELATIONSHIP TO OTHER SECTIONS

This Appendix should be read in conjunction with Part B: Section 13 - *Heritage and Conservation*.

1.4 ITEM IDENTIFICATION

- A1 Table App-1.1 lists all contributory items.
- A2 Table App-1.2 lists all uncharacteristic items.
- A3 Those properties not listed in Tables App-1.1 or App-1.2 or identified as a heritage item under NSLEP 2013 are deemed to be neutral items.

[THIS PAGE IS INTENTIIONALLY BLANK]
