Signed:

Date: November 2025

OUT OF HOURS CONDITIONS

1. Permits only allow the work described therein during the time and dates shown.
2. All saw cutting and heavy machinery works should be undertaken approved construction hours and/or prior to 12.00am to reduce the noise impacts on the surrounding area.
3. This approval may be cancelled without notice should public or residential amenity be detrimentally affected during works.
4. A copy of this approval must be maintained on site during the works and produced as requested by police or council staff. Failure to produce the permit may result in fines and/or proceedings to stop work.
5. Residents within 100m of the approved out of hours works are to be notified in writing 48 hours of the works commencing.
