*This matter was brought forward as part of the Public Forum (see page 4)*

**1. THAT** Council resolves to ask the following Referendum question at the Local Government Election in September 2024:

*Do you support a popularly elected Mayor where the voters of North Sydney elect the Mayor for a four (4) year term thereby adopting a nine-Councillor model (including the Mayor)?*

### **BACKGROUND (provided by the submitter)**

This Council has a proud history of consultation with stakeholders at election time. Residents in Kirribilli have urged me to bring this matter to Council. Many locals tell me they were confused by the wording of the referendum question in 2017 and believe electors should have another opportunity to vote on this critical issue.

### **Note from Director Corporate Services**

The NSW Electoral Commission has advised a referendum adds approximately 10% to the total cost of an election. This would be approximately an extra cost of \$73,977 for the election.

Each question is a separate count, but three questions would not push the increase up by 30%. It would possibly be 15% (approximately \$110,967).

**AUTHOR:** Eoin Cunningham, Manager Traffic & Transport Operations

**PURPOSE**

The purpose of this report is to provide Council with information in relation to tenders received for Tender 12/2023: the installation and management of the On-Street Paid Parking Network.

**EXECUTIVE SUMMARY**

Tender 12/2023 for the installation and management of the On-Street Paid Parking Network closed 10 October 2023.

The tender process revealed opportunities to maintain a high level of service for greater value for money by relying on a mobile App supplemented by parking meters while also allowing for the reduction in costs to Council through reduced infrastructure, including fewer parking meters machines, and parking sensors.

It is recommended that Council reject all tenders and enter into direct negotiations with the highest scoring tenderer to pursue the best outcome for the tender.
