**10.2. Community Transport - comparative Councils report**

*This item was moved forward as part of the Public Forum (see above).*

**AUTHOR:** George Carrick, Access and Inclusion Coordinator

**PURPOSE**

The purpose of this report is to provide a summary of Council’s current community transport funding arrangements and recommend an alternative and more sustainable future funding model for the service.

**EXECUTIVE SUMMARY**

- Acknowledging the current financial constraints, and a need to limit future rating increases, Council is currently reviewing all services and budget allocations.
- Council is currently, and has historically, invested significant funding and resources into community transport, particularly in comparison with other Councils.
- Council’s funding model has not changed since the advent of the Commonwealth Home Support Program was introduced in 2015 which represented a significant policy shift in the aged care industry and introduced various age care programs and funding pathways, including transport services.
- It is recommended that Council adopt a more cost-effective grant-based funding model for community transport, aligning more closely with the transport programmes of neighbouring councils whilst still supporting the most vulnerable and transport

disadvantaged members of our community. This is recommended to be developed during 2025/26 and reported to Council for endorsement.

- Following an internal review of historic usage patterns and costs, this report recommends that a budget of \$100k be maintained for community transport, along with the provision of one bus for full use and ownership of Community Connect Transport (CCT). The budget is to be allocated as a grant of \$50k to CCT, and a grant of \$50k to Crows Nest Community Centre for the purpose of transport services.
- This proposal will equate to an annual saving to Council of approximately \$74k in transport charges and \$60k in plant and equipment whilst continuing to support the most vulnerable and transport disadvantaged members of our community.
- Further, it is recommended that to support the transition from current contract arrangements, that the new model be implemented 1 January 2026, allowing CCT and their clients time to transition where necessary.
- Should Council wish to discuss this report it is noted that the attached confidential document includes information that would, if disclosed, confer a commercial advantage on a person with whom the Council is conducting (or proposes to conduct) business. Further, release of the information would on balance be contrary to the public interest as publication of all tendered amounts would discourage potential tenderers from submitting commercial information in future and would affect Council's ability to obtain value for money services. As such should this matter be discussed it should be considered in closed session.

**RECOMMENDATION:**

- 1. THAT** Council note the current community transport contract has reached the end of its term and prior to tendering for a new contract, a review of community transport provision has been undertaken.
- 2. THAT** Council support an annual grant of \$50,000, to Community Connect Transport, to address identified gaps in CHSP-funded transport delivery, to transport disadvantaged residents, as outlined in this report (Flexi Cab and Easy Rider Services), with the grant to commence on a pro-rata basis from 1 January 2026.
- 3. THAT** in 2025/26 Council sell one of its three buses, allocate in perpetuity through transfer of ownership, the largest (24-seater) for the exclusive use of Community Connect Transport, and retain the third for Council operations.
- 4. THAT** Council continue the current contract conditions until 31 December 2025 (on a pro rata basis) to allow CCT and their clients time to transition where required.
- 5. THAT** Council support one-off grant funding of \$50,000 in 2025/26 to the Crows Nest Centre for the purposes of providing community transport to ensure the continuation of services for high-dependence users, commencing on a *pro-rata* basis from 1 January 2026.
- 6. THAT** Council note its previous resolution to undertake a comprehensive review of community grants and subsidies and develop a Community Investment Framework, and request that community transport needs be considered as part of this review.
- 7. THAT** Council continue to work with Community Connect Transport, to assist with communication and transition of their client base to the new model.

**8. THAT** Council resolves that the identified attachment to this report is to be treated as confidential in accordance with section 11(3) of the Local Government Act for the following reason under section 10A(2) of the Local Government Act:

*(c) information that would, if disclosed, confer a commercial advantage on a person with whom the Council is conducting (or proposes to conduct) business*

It is further noted that release of this information would, on balance, be contrary to the public interest as publication of all tendered amounts would discourage potential tenderers from submitting commercial information in future and would affect Council's ability to obtain value for money services.

The following person spoke to this item as part of the Public Forum:

- Davie Macdonald (local resident)

The Motion was moved by Councillor Beregi and seconded by Councillor Holding.

The Motion was put and **Carried**.

Voting was as follows:

For/Against 7 / 2

**For:** Councillor Antonini, Councillor Baker, Councillor Beregi, Councillor Holding, Councillor Hoy, Councillor Santer, and Councillor Welch

**Against:** Councillor Carr and Councillor Keen

**Absent:** Nil

#### **215. RESOLVED:**

**1. THAT** Council note the current community transport contract has reached the end of its term and prior to tendering for a new contract, a review of community transport provision has been undertaken.

**2. THAT** Council support an annual grant of \$50,000, to Community Connect Transport, to address identified gaps in CHSP-funded transport delivery, to transport disadvantaged residents, as outlined in this report (Flexi Cab and Easy Rider Services), with the grant to commence on a pro-rata basis from 1 January 2026.

It is further noted that release of this information would, on balance, be contrary to the public interest as publication of all tendered amounts would discourage potential tenderers from submitting commercial information in future and would affect Council's ability to obtain value for money services.

#### **10.4. Young Street Plaza Upgrade - Tender 12/2025**

*This item was moved forward as part of the Public Forum (see page 5).*

**AUTHOR:** Diana Mejia, Project Manager Engineering Infrastructure

#### **PURPOSE**

The purpose of this report is to provide Council with an analysis and recommendations in relation to the tender process for Tender 12/2025.

#### **EXECUTIVE SUMMARY**

- Tenders were called and received until 3pm 7 August 2025 for the submission of tenders to undertake the construction of Young Street Plaza Upgrade works.
- Should Council wish to discuss this report it is noted that the attached confidential document includes commercial information that would, if disclosed, prejudice the commercial position of the person who supplied it. Further, release of the information would, on balance be contrary to the public interest as publication of all tendered amounts would discourage potential tenderers from submitting commercial information in future and would affect Council's ability to obtain value for money services. As such should this matter be discussed it should be considered in closed session.

#### **RECOMMENDATION:**

- 1. THAT** Council accept the tender of the highest ranked tenderer for Tender 12/2025.
- 2. THAT** the CEO be authorised to take any necessary action to implement the decision including entering into associated contracts.
- 3. THAT** Council resolve that the identified attachment to this report is to be treated as confidential in accordance with section 11(3) of the Local Government Act for the following reason under section 10A(2) of the Local Government Act:  
*(d)(i) commercial information of a confidential nature that would, if disclosed prejudice the commercial position of the person who supplied it and because consideration of the matter would, on balance be contrary to the public interest as publication of all tendered*

*amounts would discourage potential tenderers from submitting commercial information in future and would affect Council's ability to obtain value for money services.*

It is further noted that the release of this information would, on balance, be contrary to the public interest as publication of all tendered documents would discourage potential tenderers from submitting commercial information in future and would affect Council's ability to obtain value for money services.

The following person spoke to this item as part of the Public Forum:

- Meredith Trevallyn-Jones (local resident)

An Amendment was moved by Councillor Keen and seconded by Councillor Carr:

- 1. THAT** Council accept the tender of the highest ranked tenderer for Tender 12/2025.

## **10. Reports to Council**

### **10.1. Park Lighting and Utilisation - response to Council Resolution**

**AUTHOR:** Jessica Choy, Service Unit Manager Public Presentation

#### **PURPOSE**

This report responds to a Council resolution of 26 May 2025, regarding lighting in Council's sports fields, parks, and reserves during evening hours.

#### **EXECUTIVE SUMMARY**

- Lighting at sports fields, parks, and reserves requires Council to balance community expectations, safety and recreation needs, environmental impacts, and regulatory compliance, while often mediating between residents and external asset owners.
- The lights at Council's parks and reserves operate from approximately sunset to sunrise. They are triggered using automatic light sensors and there can be some confusion with lighting transitions as the seasons change, and the lights come on at different times.
- Although streetlighting is outside the scope of this report, outages in Ausgrid-managed assets may influence community perceptions of inadequate lighting in areas with Council-owned infrastructure. In addition, some locations are currently impacted by Transport for NSW (TfNSW) site disruptions.
- Following Council's resolution, Council Officers:
  - o completed an immediate audit of lighting across parks and reserves, identifying several previously unreported faults (see Table 1 in this report);
  - o assessed the cost of extending sports field lighting to 8pm during winter, estimated at \$21,780–\$29,040, with bookings at Forsyth, Primrose, and Waverton Parks often extending to 9pm (see Tables 2 and 3); and
  - o examined the feasibility and costs of trialling additional lighting for the Anderson Park exercise equipment and St Leonards Park Playground.
- It should also be noted that, to the best of Council's knowledge, only four requests were received from the public regarding increasing operating hours or increased lighting at Council's parks, reserves, playgrounds or sports fields in the 12 months preceding the Matter of Urgency raised at Council meeting of 26 May 2025. Council also received complaints from residents about sports field lighting operation during the same period.

**RECOMMENDATION:**

- 1. THAT**, based on the identification of several previously unreported lighting faults, no changes be made to current light timing for Council-owned lights at its parks and reserves.
- 2. THAT**, based on Council's assessment of current bookings and additional lighting operation costs, no changes be made to the arrangements for lighting of Council's sports fields.
- 3. THAT** the Council approve a reallocation of \$5,224 from lighting maintenance towards a lighting trial at Anderson Park to be undertaken for three months, with the results to be reported to Council at a future meeting.
- 4. THAT** Council consider not proceeding with a lighting trial at the St Leonards Park Playground and include consideration of playground lighting in the St Leonards Park Masterplan.

A Motion was moved by Councillor Beregi and seconded by Councillor Antonini:

- 1. THAT**, based on the identification of several previously unreported lighting faults, no changes be made to current light timing for Council-owned lights at its parks and reserves.
- 2. THAT**, based on Council's assessment of current bookings and additional lighting operation costs, no changes be made to the arrangements for lighting of Council's sports fields.

### **10.3. Councillor Nomination - Consultative Panel, Sydney Coastal Councils Group, Outer Sydney Harbour Catchment Management Program Stage 2-4**

**AUTHOR:** Danielle Birkbeck, Team Leader Sustainability

#### **PURPOSE**

The purpose of this report is to seek the nomination of a councillor representative to be on the consultative panel for the Sydney Coastal Councils Group, Outer Sydney Harbour Catchment Management Program Stage 2-4.

#### **EXECUTIVE SUMMARY**

- The Sydney Coastal Councils Group (SCCG) is currently undertaking the Outer Sydney Harbour Catchment Management Program (CMP) (Stages 2–4). The CMP will provide a long-term program for the coordinated management of the coastal zone in outer Sydney Harbour.
- A consultative panel is being established to guide engagement, review draft deliverables, and ensure community views are reflected in the CMP.
- The Panel will comprise of at least 10 members including a councillor from each of the participating Councils. Meetings will be held online at key milestones with a minimum of three per year. The Panel will operate for the duration of CMP Stages 2–4, to December 2027, with the possibility of extension.

#### **RECOMMENDATION:**

**1. THAT** Council nominate a Councillor to act as its representative on the consultative panel for the Sydney Coastal Councils Group, Outer Sydney Harbour Catchment Management Program, Stage 2-4.

A Motion was moved by Councillor Welch and seconded by Councillor Beregi.

*This item was moved forward as part of the Public Forum (see pages 5-7).*

## **12. Matters of Urgency**

Councillor Hoy sought leave under 9.3(b) of the Code of Meeting Practice to raise the following matter of urgency:

### **Mayoral and Councillor Taskforce Supporting People Seeking Asylum**

- 1. THAT** Council note the work of the Mayoral and Councillor Taskforce Supporting People Seeking Asylum and the Back Your Neighbour campaign.
- 2. THAT** Council endorse becoming a 'supporter' member of the Taskforce.
- 3. THAT** Council publicly promote the Back Your Neighbour campaign.

### **Background**

Since 2018, the Mayoral and Councillor Taskforce Supporting People Seeking Asylum has been advocating for people seeking asylum and for the thousands of people living without support while they wait on their refugee protection applications to be processed. The Taskforce is made up of a growing membership of over 40 councils nationwide, including 10 Councils in NSW, who recognise that this issue is of significance to local government. The Taskforce is also supported and endorsed by over 80 community organisations, faith groups, unions and service providers.

The Mayoral and Councillor Taskforce Supporting People Seeking Asylum was established to coordinate joint state-wide advocacy by Australian local government councils to address policies and guidelines affecting humanitarian arrivals. The Back Your Neighbour campaign, coordinated by the Taskforce, advocates for the rights and well-being of asylum seekers in Australia. The campaign urges the Federal Government to provide pathways to permanency, valid visas with work rights, and expanded access to essential services for people seeking asylum.

Australia continues to hold 8,000 men, women, and children in immigration limbo—many of whom have lived, worked, and contributed to their communities for up to 15 years without resolution to their visa status.

This has denied individuals and families from the certainty and stability that refugee status provides.

Many are denied access to essential services such as health care, income support, safe accommodation and crisis support. This leaves highly vulnerable individuals and families facing poverty and destitution, surviving on help from local government and services.

The Back Your Neighbour advocates for equitable treatment and support for asylum seekers, fosters inclusive communities, and seeks to deliver to all individuals the right and ability to access the services and opportunities necessary for full participation in the community. This is in keeping with Council's Social Inclusion Strategy and Community Strategic plan that articulates inclusion as a key value: "An inclusive community is one where all individuals, regardless of their background, identity, or circumstances, are welcomed, respected, and valued. It promotes equality of opportunity and ensures that everyone has access to the resources, services, and support they need to thrive."

The Taskforce has a range of membership options, with 'supporter membership' demonstrating

Council's support for the Taskforce and the Back Your Neighbour campaign. This membership comes with no cost to Council.

The Mayor moved a Motion:

**1. THAT** leave be granted to consider the matter of urgency.

The Motion was put and **Carried**.
