**SUBJECT:** Investments and Loan Borrowings Held as at 31 December 2015 and 31 January

2016

**AUTHOR:** Garry Ross, Manager Financial Services (Responsible Accounting Officer)

**ENDORSED BY:** Ross McCreanor, Director Corporate Services

#### **EXECUTIVE SUMMARY:**

This report provides details of the performance of Council's investment portfolio for the months of December 2015 and January 2016.

The portfolio provided an annualised return of 4.09% for the year to date as at 31 December 2015, 1.92% above the reportable benchmark (BBSW Bank Bill Index) and an annualised return of 4.07% for the year to date as at 31 January 2016, 1.89% above the reportable benchmark.

Council has commenced a \$30 million debt facility and as at the 31 October 2015, has drawn down \$9.5 million for capital works projects.

### FINANCIAL IMPLICATIONS:

Interest returns for the months of December 2015 and January 2016 remain consistently above the benchmark. This was attributed to additional funds being made available for investment and prudent selection and allocation of these funds to the financial institutions which make up the investment portfolio.

Interest returns for this financial year reflect estimated available funds and predicted expenditure of Council's reserves.

Council is exposed to interest rate risk whenever it borrows, regardless of whether the interest rates are fixed or variable.

### **Comment by Director Corporate Services:**

The 2015/16 budget estimate for returns from Council's investment portfolio, have been reviewed in the December Quarterly Budget Review.

### **RECOMMENDATION:**

**1. THAT** the report be received.

### **Investment Performance**

Investment returns continue to exceed the indicative benchmark (BBSW Bank Bill Index). All funds invested have been done so in accordance with the Act and the Regulations made thereunder and with Council's Financial Investment Policy. Further, Council's investment portfolio complies with the revised Investment Order issued by the Minister for Local Government, which places restrictions on the type of investments permitted. These restrictions have placed greater emphasis on obtaining competitive investment options and the need for sound investment advice from Council's independent advisor.

Council continues to seek independent advice for all investments and is actively managing the portfolio to ensure that returns are maximised, taking into account diversification and risk.
