#### NORTH SYDNEY COUNCIL REPORTS

## Report to General Manager

Attachment:

1. Investment Portfolio as at 30 April 2017

**SUBJECT:** Investments and Loan Borrowings Held as at 30 April 2017

**AUTHOR:** Garry Ross, Manager Financial Services (Responsible Accounting Officer)

**ENDORSED BY:** Sandra Moore, Acting Director Corporate Services

#### **EXECUTIVE SUMMARY:**

This report provides details of the performance of Council's investment portfolio and borrowing limits for the period ending 30 April 2017.

#### **Investment Portfolio:**

The portfolio provided an annualised return of 3.61% for the year to date as at 30 April 2017, 1.79% above the reportable benchmark (BBSW Bank Bill Index). Interest returns remain consistently above the benchmark. This was attributed to additional funds being made available for investment and prudent selection and allocation of these funds to the financial institutions which make up the investment portfolio.

## **Borrowing Limits:**

Council has commenced a \$30 million debt facility and as at the reporting date, has drawn down \$9.5 million for capital works projects. Council continues to monitor interest rate risk whenever it borrows, regardless of whether the interest rates are fixed or variable.

## FINANCIAL IMPLICATIONS:

Any surplus funds generated in excess of adopted estimates will be transferred to Council's internally restricted reserves.

## **Comment by Responsible Accounting Officer:**

Investments and Loan borrowings funding comply with Council's Financial Management Policy.

# **Local Government Act 1993: Section 23A Guidelines - Council Decision Making During Merger Proposal Period**

The Guidelines have been considered in the preparation of this report and are not applicable

#### **RECOMMENDATION:**

**1. THAT** the report be received.

## LINK TO DELIVERY PROGRAM

The relationship with the Delivery Program is as follows:

Direction: 5. Our Civic Leadership

Outcome: 5.2 Council is financially sustainable

### **BACKGROUND**

The Responsible Accounting Officer must provide Council with a monthly report detailing all funds:

- a. Invested under Section 625 of the Local Government Act 1993. This report must include certification that the investments have been made in accordance with the Act and the Regulations made thereunder, the revised Investment Order issued by the Minister for Local Government and Council's Financial Investment Policy.
- b. Borrowed under Section 624 of the Local Government Act. This report must comply with the borrowings Order issued by the Minister for Local Government and Council's Debt Management Policy.

## **CONSULTATION REQUIREMENTS**

Community engagement is not required.

#### SUSTAINABILITY STATEMENT

The following table provides a summary of the key sustainability implications:

<b>QBL Pillar</b>	Implications
Environment	• There are no perceived short or long-term environmental implications.
Social	There are no perceived short or long-term social implications.
Economic	Provides Council with a significant source of income.
Governance	• Compliance with all legislative requirements and statutory obligations.

## **DETAIL**

#### **Investment Portfolio**

The following table provides details of the performance of Council's investment portfolio against the benchmark for the month of April 2017.

	April 2017	YTD as at
		30 April 2017
Actual Return	3.61%	3.64%
Benchmark	1.82%	1.83%

	\$56,520.06	\$3,236,634.51

#### **Investment Performance**

Investment returns continue to exceed the indicative benchmark (BBSW Bank Bill Index). All funds invested have been done so in accordance with the Act and the Regulations made thereunder and with Council's Financial Investment Policy. Further, Council's investment portfolio complies with the revised Investment Order issued by the Minister for Local Government, which places restrictions on the type of investments permitted. These restrictions have placed greater emphasis on obtaining competitive investment options and the need for sound investment advice from Council's independent advisor.

Council continues to seek independent advice for all investments and is actively managing the portfolio to ensure that returns are maximised, taking into account diversification and risk.

## **Financial Investment Policy**

The maximum holding limit in each rating category and the target credit quality weighting for Council's portfolio shall be:

Long Term Rating Range	Maximum
	Holding
AAA Category	100.00%
AA Category	100.00%
A Category	60.00%
BBB Category	35.00%
Unrated ADIs	10.00%

The policy has been independently reviewed by Council's investment advisors. Risk management guidelines and investment decision criteria have been amended. The main changes are:

- Compliance with other Council policies, those being Fraud Corruption and prevention Policy, Code of Conduct Policy and Financial Management Policy; and
- Investment decision criteria, in particular, the review mechanism associated with a rating down grade.

## **Loan Borrowings**

Council has implemented an expanded capital works program which requires alternate sources of funding, both internal and from financial institutions. Council has been debt free for a considerable period, which has prompted the need for a loan borrowing program to ensure that there is intergenerational equity in the provision of essential infrastructure and other major capital projects.

Council's Debt Management Policy provides the framework for Council's borrowing activities and defines key responsibilities and the operating parameters within which borrowing and related risk management activities are to be carried out.

The Policy's objective is to control Council's exposure to movements in interest rates through the application of fixed, floating or a combination of both in order to maintain its risk averse strategy.

Loan borrowing will be undertaken in line with the following principles:

- a) That the capital cost of infrastructure be recognised over the period during which the benefits will be enjoyed;
- b) That loan funds are a resource to fund the replacement and upgrading of existing infrastructure and fund the creation of new infrastructure.
- c) That loan funds will be limited:
  - To the acquisition or enhancement of income producing assets;
  - To the construction and/or upgrading of buildings;
  - To infrastructure assets that have a life expectancy of greater than 10 years.

## The current Debt Facility is as follows:

Bank loan via the NAB Corporate Market loan (Variable Rate Option)

Facility Limit: \$30 million (Initial offer)

Capital projects purposes only (refer to loan funded projects list)

3 year tenor with facility to be reviewed annually

Interest rate linked to 90 day BBSY index + drawn margin%

Drawn margin: 0.57% Facility Fee: 0.24%

Facility expiry date: 30 April 2018

Facility Utilisation: 31.7% (\$9.5m of \$30m)

The estimated Debt Service Cover Ratio this financial year is approximately 24% compared to the Local Government industry benchmark of greater than or equal to 2%

This ratio measures Council's availability of operating cash to service debt liabilities.

Council has no fixed interest rate loans. This situation will be reviewed when additional borrowings are required or when interest rates move from their current low level.

## Loan Funded Capital Projects as at 30 April 2017

## Project 1: Upgrading the car park in Alexander Street, Crows Nest

A **\$5 million** loan has been sourced to fund this project. Current length of Loan as per LTFP: 20 years to 2035/36

## **Project 2: Upgrading of On-Street Parking Management System**

A \$4.5 million loan has been sourced to fund this project.

Current length of Loan as per LTFP: 20 years to 2035/36
