2. Summary of Changes/New Fees
3. Submissions Summary

SUBJECT: Fees and Charges Schedule 2019/20 - Post Exhibition

AUTHOR: Garry Ross, Manager Financial Services

ENDORSED BY: Margaret Palmer, Director Corporate Services

EXECUTIVE SUMMARY:

The purpose of this report is to adopt the proposed Fees and Charges Schedule 2019/20 following the completion of the public exhibition. 49 submissions were received, with the majority (all but one) relating to the Shared Parking fee.

Council has reviewed its fees and charges for 2019/20 to ensure direct recipients of services are paying a fair share towards the costs of the services they use. Adjustments have been made to ensure comparable market rates and consistency with neighbouring councils.

Largely fees and charges will increase by 2.5% over the previous year. There are some increases of greater percentage applied due to the circumstances and cost of providing specific services. Some fees will be discontinued and a number of new fees are proposed, as detailed in Attachment 2.

FINANCIAL IMPLICATIONS:

The financial impacts from the Fees and Charges Schedule 2019/20 have been incorporated into the financial estimates within the 2019/20 Operational Plan.

RECOMMENDATION:

1. **THAT** the Fees and Charges Schedule 2019/20 be adopted.
-

LINK TO COMMUNITY STRATEGIC PLAN

The relationship with the Community Strategic Plan is as follows:

Direction: 5. Our Civic Leadership

Outcome: 5.2 Council is financially sustainable

BACKGROUND

In accordance with Section 608(1) of the Local Government Act 1993 and Clause 201 of the Local Government (General) Regulation 2005, a schedule of fees and charges must be prepared annually as a provision within Council's annual Revenue Policy.

The Draft Revenue Policy and Draft Fees and Charges Schedule are also required to be prepared annually and publicly exhibited for 28 days before adoption.

At the Council Meeting on 29 April 2019, Council adopted the Draft Fees and Charges Schedule 2019/20 for public exhibition.

CONSULTATION REQUIREMENTS

Community engagement was undertaken from 21 May to 17 June 2019.

SUSTAINABILITY STATEMENT

The following table provides a summary of the key sustainability implications:

QBL Pillar	Implications
Environment	<ul style="list-style-type: none">Environmentally responsible materials will be used in the production of materials related to the Fees and Charges.
Social	<ul style="list-style-type: none">The proposed Fees and Charges schedule has been prepared taking into Council's commitment to providing affordable user services.
Economic	<ul style="list-style-type: none">Following its adoption, the proposed 2019/20 Fees and Charges will provide the revenue stream required to fund service delivery.
Governance	<ul style="list-style-type: none">Following its adoption, the proposed 2019/20 Fees and Charges will support the delivery of strategic decisions of Council over the next year.

DETAIL

Council has reviewed its fees and charges for 2019/20 to ensure direct recipients of services are paying a fair share towards the costs of the services they use. Adjustments have been made to ensure comparable market rates and consistency with neighbouring councils.

Largely fees and charges will increase by 2.5% over the previous year. There are some increases of greater percentage applied due to the circumstances and cost of providing specific services.

Some fees will be discontinued and a number of new fees are proposed, as detailed in Attachment 2.

Public Submissions

Public exhibition of the draft Fees and Charges Schedule 2019/20 ran from 21 May to 17 June 2019; concurrent to the exhibition of the Draft Operational Plan and Budget 2019/20.

The public exhibition period was promoted via:

- an advertisement in the Mosman Daily and North Shore Times on 23 May and again in the Mosman Daily on 30 May 2019;
- the June 2019 issue of Council E-news (of which eight of the 1,105 subscribers opened the article);
- to all Precinct Committees via memo and the weekly Precinct E-news (item ran weekly during exhibition period);
- A3 signage at the following locations - Customer Service Centre, Stanton Library, North Sydney Olympic Pool complex and Coal Loader Centre for Sustainability; and
- Council's Facebook account on 23 May 2019, which was seen by 668 people.

Between 21 May and 17 June 2019 there were 119 views on the Your Say page (via Council's website); of these, 26 visitors downloaded the document/visited multiple pages, and 105 visitors viewed the web page but did not download the document. Five online submissions were received.

Council received 49 submissions on the draft 2019/20 Fees and Charges. No changes to the Schedule are recommended in response to the submissions received. In summary:

- The majority (48) of the submissions relate to Shared Parking. The proposed Shared Parking fee for 2019/20 has been recommended to increase by CPI (2.5%) from \$400.00 to \$410.00 per space and is comparable to neighbouring councils. This proposal is within the desired increase which has been applied to all user/market rate fees and charges.
- The other submission relates to the high number of minimum residential rates and the perceived inequity of the applicable rates. Council continues to explore options to address the imbalance and lobby through LGNSW and NSROC for improvement in the Rating system.

Amendments to the Draft Fees and Charges During Exhibition Period:

- Section 603 Certificates (Regulatory fee) will increase from \$80.00 to \$85.00 per application. The Office of Local Government (OLG) notified Council after the commencement of the exhibition period.
 - Facilities Storage Fees for Small Watercraft for Shellbank Reserve, Tunks Park and Folly Point have been consolidated into one fee for watercraft storage for all Council reserves, other than Willoughby Street Boat Shed and Lavender Bay Boat Shed.

Summary of Changes to Existing and New Fees

The following table summarises the key increases to existing fees (changed fees):

Fee Name	Comments/Fee Area	2018/19 Fee (incl. GST)	2019/20 Fee (incl. GST)	Fee Type
Current DCP Instrument	Planning Instruments, documents, maps and reports	\$129	\$140	User Fee
Current LEP Instrument	Planning Instruments, documents, maps and reports	\$85	\$90	User Fee
Single Domestic Vehicle Crossing - fee per additional dwelling served	Vehicle Crossings	\$155	\$160	User Fee
Commercial/Industrial/Retail Vehicle Crossing - per car on site	Vehicle Crossings	\$90	\$95	User Fee
Application Fee - Double Domestic Vehicle Crossing	Vehicle Crossings	\$680	\$700	User Fee
Double Domestic Vehicle Crossing - per car on site	Vehicle Crossings	\$90	\$95	User Fee
Hoarding Weekly Rental - per m ² per week	Hoarding Permit	\$18	\$19	User Fee
DA Advertising - up to \$5,000	Advertising Fees	\$230	\$250	Statutory
DA Advertising - over \$100,000	Advertising Fees	\$550	\$580	Statutory
DA Advertising - Integrated Development	Advertising Fees	\$500	\$550	Statutory
Strata Subdivision - for each additional lot created	Review of Modification Determination (Section 8.9) Land and Stratum Subdivisions	\$53	\$65	Statutory
Outstanding Notice & Orders Certificate	Section 735A & 121ZP Certificate Fee	\$115	\$120	User Fee
Swimming Pool - Application for exemption	Swimming Pools	\$70	\$250	Statutory
Food Shop Inspection - Category 2	Food Act 2003 - Food shops and Food Outlets	\$470	\$485	User Fee
Food Shop Inspection - Category 4	Food Act 2003 - Food shops and Food Outlets	\$290	\$300	User Fee

The following table summarises new fees proposed:

Fee Name	Comment, Relevant Act or Fee Area	Fee Amount	Fee Type
Planning Proposal - Complex	Section 3.33(3) of the Environmental Planning and Assessment Act. Comprises a new category of planning proposal. Introduced to better align with the costs associated with assessing complex planning proposals (e.g. incorporation of Local Planning Panel processes).	\$100,000	User Fee
Planning Proposal - Major	Section 3.33(3) of the Environmental Planning and Assessment Act.	\$65,000	User Fee

Fee Name	Comment, Relevant Act or Fee Area	Fee Amount	Fee Type
	Combining the two former "Major" categories. Fee increased to better align with the costs associated with assessing major planning proposals (e.g. incorporation of Local Planning Panel processes).		
Planning Proposal - Minor	Section 3.33(3) of the Environmental Planning and Assessment Act. Fee of former category increased to better align with the costs associated with assessing minor planning proposals (e.g. incorporation of Local Planning Panel processes).	\$30,000	User Fee
Cooling Towers - Administration fee charged annual	Public Health Act - Regulated Systems (Cooling Towers, Warm Water Systems, etc)	\$120	Regulatory
Cooling Tower - Re-inspection Fee - (Less than 10 mins + compliant)	Public Health Act - Regulated Systems (Cooling Towers, Warm Water Systems, etc)	\$80	Regulatory
Cooling Tower - Re-inspection fee (greater than 10 mins - 1st Tower)	Public Health Act - Regulated Systems (Cooling Towers, Warm Water Systems, etc)	\$150	Regulatory
Cooling Tower - Re-inspection Fee (greater than 10 mins - additional towers)	Public Health Act - Regulated Systems (Cooling Towers, Warm Water Systems, etc)	\$50 per tower	Regulatory
Food shop Re-Inspection (less than 10 minutes, compliant inspection)	Food Act 2003 - Food shops and Food Outlets	\$80	User Fee
DA Advertising Fee - Value of works over \$3,000,000	Advertising Fees, new tier	\$1105	Statutory
Application Fee - Temporary Single Crossing	Vehicle Crossings Formalising existing fee	\$370	User Fee
Application Fee - Temporary Double Crossing	Vehicle Crossings Formalising existing fee	\$700	User Fee
First Permit Motorbike/Scooter - 12 Months	Resident Parking	\$45	User Fee
First Permit Motorbike/Scooter - 9 Months	Resident Parking	\$35	User Fee
First Permit Motorbike/Scooter - 6 Months	Resident Parking	\$25	User Fee
First Permit Motorbike/Scooter - 3 Months	Resident Parking	\$10	User Fee
Second Permit Motorbike/Scooter- 12 Months	Resident Parking	\$100	User Fee
Second Permit Motorbike/Scooter - 9 Months	Resident Parking	\$80	User Fee
Second Permit Motorbike/Scooter - 6 Months	Resident Parking	\$50	User Fee
Second Permit Motorbike/Scooter - 3 Months	Resident Parking	\$25	User Fee
Parking Sensor Removal, Storage & Reinstallation - Urgency Fee	Parking Meter & Sensor Adjustments	\$550	User Fee

Fee Name	Comment, Relevant Act or Fee Area	Fee Amount	Fee Type
Parking Sensor Removal, Storage & Reinstallation (7 business days' notice or greater)	Parking Meter & Sensor Adjustments	\$350	User Fee
Carnival Hire - Student admission fee	Pool Hire	\$2.20	User Fee

The following table summarises changes to Section 8.2 statutory fees:

Fee Name	Comment, Relevant Act or Fee Area	Base fee	Additional fee	Fee Type
Review of Determination - Section 8.2 (erection of a dwelling-house with an estimated construction cost of \$100,000.00 or less)	Review of Determination	\$190	\$0.00	Statutory
Review of Determination - Section 8.2 (any other development application) Estimated Cost - Up to \$5,000.00	Review of Determination	\$55	\$0.00	Statutory
Review of Determination - Section 8.2 (any other development application) Estimated Cost - \$5,001 - \$250,000	Review of Determination	\$85	Plus an additional \$1.50 for each \$1,000 (or part of \$1,000) of estimated cost	Statutory
Review of Determination - Section 8.2 (any other development application) Estimated Cost - \$250,001 - \$500,000	Review of Determination	\$500	Plus an additional \$0.85 for each \$1,000 (or part of \$1,000) by which the estimated cost exceeds \$250,000	Statutory
Review of Determination - Section 8.2 (any other development application) Estimated Cost - \$500,001 - \$1,000,000	Review of Determination	\$712	Plus an additional \$0.50 for each \$1,000 (or part of \$1,000) by which the estimated cost exceeds \$500,000	Statutory
Review of Determination - Section 8.2 (any other development application) Estimated Cost - \$1,000,001 - \$10,000,000	Review of Determination	\$987	Plus an additional \$0.40 for each \$1,000 (or part of \$1,000) by which the estimated cost exceeds \$1,000,000	Statutory

Fee Name	Comment, Relevant Act or Fee Area	Base fee	Additional fee	Fee Type
Review of Determination - Section 8.2 (any other development application) Estimated Cost-greater than \$10,000,000	Review of Determination	\$4,737	Plus an additional \$0.27 for each \$1,000 (or part of \$1,000) by which the estimated cost exceeds \$10,000,000	Statutory

The following table summarises the discontinued fees:

Fee Name	Reason
Trade Waste Commercial Pickup Collections	Due to increases in contractor and disposal expenses the service is uneconomical to continue without significantly increasing the current fee, which would potentially result in customers cancelling the service.
Ridge Street Carpark - Tennis Centre Discounts	The introduction of the new parking software has resulted in the cancellation of this fee.
Referral to North Sydney Local Planning Panel for Planning Proposals	Now incorporated within the fee structure for application
Referral to North Sydney Local Planning Panel Development Applications	Direction received that Council cannot charge applicants for Development Application referrals to the panel
Planning Proposal Major - Consistent with Endorsed Planning Study	To enable a new planning proposal categorisation to be established and to better reflect the costs associated with progressing the planning proposal through the LEP making process. Includes the removal of a 2 stage fee process and incorporation of separate referral fee to Council's Local Planning Panel.
Planning Proposal Major - Unsolicited	To enable a new planning proposal categorisation to be established and to better reflect the costs associated with progressing the planning proposal through the LEP making process. Includes the removal of a 2 stage fee process and incorporation of separate referral fee to Council's Local Planning Panel.
Planning Proposal Minor - Unsolicited	To enable a new planning proposal categorisation to be established and to better reflect the costs associated with progressing the planning proposal through the LEP making process. Includes the removal of a 2 stage fee process and incorporation of separate referral fee to Council's Local Planning Panel.

Draft 2019/20 Fees and Charges Schedule
Summary of submissions received during public exhibition period

Prepared June 2019

The following criteria are used to analyse all submissions received, and to determine whether or not the plan would be amended:

1. The plan **would be** amended if the point:

- a provided additional information of relevance.
- b indicated or clarified a change in government legislation, Council's commitment or management policy.
- c proposed strategies that would better achieve or assist with Council's objectives.
- d was an alternate viewpoint received on the topic and is considered a better option than that proposed in the Draft Plan or;
- e indicated omissions, inaccuracies or a lack of clarity.

2. The plan **would not be** amended if the point:

- a addressed issues beyond the scope of the Plan.
- b was already in the plan or will be considered during the development of a subordinate plan (prepared by Council).
- c offered an open statement, or no change was sought.
- d clearly supported the draft proposals.
- e was an alternate viewpoint received on the topic, but the recommendation of the draft plan was still considered the best option.
- f was based on incorrect information.
- g contributed options that are not possible (generally due to some aspect of existing legislation or government policy) or; involved details that are not appropriate or necessary for inclusion in a document aimed at providing a strategic community direction over the long term.

**IT IS RECOMMENDED THAT COUNCILLORS REFER TO THE COMPLETE SUBMISSIONS MADE AVAILABLE TO THEM,
AND TO THE REPORT TO COUNCIL, WHICH EXPANDS ON THE ISSUES RAISED IN THE SUBMISSIONS.**

No.	Key Points Raised	Response	Recommended Plan be Amended Y or N	Criteria Code	Plan Page Number
1	<p>I do not own a car and rely heavily on GoGet when I need to move large items. I feel I am helping on street parking by not having a garage, and giving two free spaces free outside my place for neighbours to park in.</p> <p>I am very annoyed that the Council again proposes to increase the fee to GoGet for car spaces. It seems to follow a general policy that promotes private car ownership and does little to encourage sustainable transport and sharing.</p> <p>This change runs counter to Council's Car Share Policy which is meant to tie the cost of a car share permit to match what a resident would pay for their private car, so that all residents are treated fairly. Car share users should not be penalised for choosing more sustainable transport options that help our entire community.</p>	This matter is addressed in the Council report.	N	2(e)	27
2	<p>We would like you to reconsider the increase in charges for car sharing permits. This is a bitterly disappointing decision particularly as it is getting more important every day to encourage sustainable transport options to help ease congestion and pollution. The traffic congestion is becoming critical in the North Sydney area particularly in Crows Nest.</p>	This matter is addressed in the Council report.	N	2(e)	27
3	<p>Increasing costs for car share spaces is non-sensical and poor environmental policy. Please think a little harder about this money grab which will have a significant negative impact on North Sydney. You should be providing more support for car sharing not making it more expensive.</p>	This matter is addressed in the Council report.	N	2(e)	27
4	<p>I would like to say that car-share has allowed me to get rid of my car, thus benefiting the environment and traffic, not to mention my personal convenience and savings. I hope that the proposed increase in parking fees does not make car-share business model unviable.</p>	This matter is addressed in the Council report.	N	2(e)	27
5	<p>My wife and I are frequent users of GoGet, in combination with public transport. By doing so we're refraining from having own cars that would require parking and further add to the congestion in the Sydney area. With the council raising fees for the GoGet parking, the availability of GoGet cars will be reduced in the North Sydney area and will impact our decision to "go green". We would have to buy our</p>	This matter is addressed in the Council report.	N	2(e)	27

No.	Key Points Raised	Response	Recommended Plan be Amended Y or N	Criteria Code	Plan Page Number
	own car(s). Please see this email as our strong request not to raise parking fees for GoGet vehicles.				
6	Please be aware of the positive impact derived from car-share activities in the densely populated North Sydney district. The pressure on public parking space makes the affordable use of car sharing essential. The escalation of car share fees by council is regressive. Please realign charges with those for local residents.	This matter is addressed in the Council report.	N	2(e)	27
7	Car share schemes should be fully supported by local councils. We must encourage people to stop clogging up our suburb with excess private vehicles.	This matter is addressed in the Council report.	N	2(e)	27
8	I believe you are reviewing fees and expenses. Please do not increase the fees for GoGet car share. I have been a resident of North Sydney since the mid-sixties and have always been impressed by the low council rates, access to public transport and the commitment to Ted Mack principles. I do not own a car. I use GoGet as required as I believe this a more efficient and responsible alternative. Please allow GoGet the benefit of supported, reasonable fees for their GoGet car pods and do not increase their costs	This matter is addressed in the Council report.	N	2(e)	27
9	Surely it is in the community's interest for car share permits to be priced such that residents are encouraged to use car share schemes? Car sharing is more environmentally friendly, therefore more sustainable, than individually owned cars. More so, the increased use of car sharing reduces the number of privately-owned vehicles on the road which reduces congestion and frees up parking spaces. I find the raising of rates for car share permits at a greater rate than that of privately-owned cars to be short sighted, counter to prevailing trends and community interest.	This matter is addressed in the Council report.	N	2(e)	27
10	I have lived in the area for 5 years and during that whole time have used GoGet. As a regular car share user, local govt support is critical to ensure accessibility and minimise cost. I have noticed share cars are not available as often as they used to be due to high numbers of users in the area. We need more car spaces and the parking bay costs	This matter is addressed in the Council report.	N	2(e)	27

No.	Key Points Raised	Response	Recommended Plan be Amended Y or N	Criteria Code	Plan Page Number
	should stay in line with other residential car users. If GoGet is not available or cost effective, I will need to purchase a car and use street parking, adding to the parking issues in the area. Please support car sharing for the benefit of all your residents and by using hybrid cars etc., we are making a difference to the environment.				
11	Last year Council raised rates for car share permits to be roughly three times more than the top rate a private car would normally pay. This change ran counter to Council's Car Share Policy which is meant to tie the cost of a car share permit to match what a resident would pay for their private car, so that all residents are treated fairly. Car share users should not be penalised for choosing more sustainable transport options that help your entire community. I oppose any further increase in fees for car share spaces. I support: No fees for car share spaces, An increase in car share spaces.	This matter is addressed in the Council report.	N	2(e)	27
12	My submission relates to the car share parking fee, page 30. I am concerned to read that rates for car share permits are roughly three times the rate a private car would pay. I appreciate GoGet cars on North Sydney Council streets as it allows me to only have one car in my household. Using car share is a sustainable transport option and an approach I believed North Sydney Council supported. I ask this fee be re-considered to be fair. A fair fee will also allow GoGet to provide more car bays (only 2 were added in 2018).	This matter is addressed in the Council report.	N	2(e)	27
13	I have been informed by GoGet you are planning to increase rates for car share companies in the North Sydney Council area. My partner and I made a conscious decision almost two years to sell our 2nd vehicle as car sharing in our area is well represented. The reasons were driven partially by the variety in selection of vehicles available and to reduce our carbon footprint. As a progressive council I fail to see what gains are to be made from increasing the rates other than an underhanded grab for revenue. Companies like GoGet have little they can do other than mobilising members to protest. Rate payers would I am certain vote with their feet if council tried to increase the rates threefold. Be sensible - think towards the future. Your grab for revenue potentially stunts the growth of car sharing. More car sharing	This matter is addressed in the Council report.	N	2(e)	27

No.	Key Points Raised	Response	Recommended Plan be Amended Y or N	Criteria Code	Plan Page Number
	means less congested streets (I have personally increased my walking and Public Transport use enormously) better for community health (more walking, less CO2, less overweight people, less healthcare costs). You should set an example, not punish, but promote car sharing.				
14	I live in North Sydney with my family of three people who are all car drivers. We use GoGet instead of owning a second car, but this is only viable if: - the cars are parked close enough to our home to be convenient; and - it is economic to do so. If North Sydney council increases car share costs which forces GoGet to reduce the number of cars on offer and increases the cost of rentals, then we will need to purchase a second car. This is likely to be the case for a lot of North Sydney residents. The result will be to increase the number of cars parked on the streets in North Sydney and will increase the cost of transport for our family and for other North Sydney families. Accordingly, I urge North Sydney Council to look at all factors before increasing car share costs.	This matter is addressed in the Council report.	N	2(e)	27
15	Rather than run two cars my husband and I share a car (cheaper for us, better for the environment) and organise our lives and work schedules so that that works. Sometimes, however, we actually need a second car and use the GoGet car which is 100 meters from our unit. It's a brilliant system for us and if we didn't have this option we'd probably have to go back to running two cars. If we did that we'd get lazy about how we organise our lives to minimise car travel, resulting in a bit more pollution and another car on North Sydney's roads. Please support the car share operators - they offer great, economical services and by supporting them you are support us to do our bit to reduce congestion and tackle climate change.	This matter is addressed in the Council report.	N	2(e)	27
16	Car sharing has been such a game changer for my life in Sydney since it started. The clear need for more sustainable choices in transport is clear when half the trains are down and buses are always too late. Car sharing like GoGet have revolutionised the game for myself and as someone who drives often for work, I saw no need to use my own car and money when I could use a GoGet for a cheaper, more sustainable	This matter is addressed in the Council report.	N	2(e)	27

No.	Key Points Raised	Response	Recommended Plan be Amended Y or N	Criteria Code	Plan Page Number
	alternative. Please don't increase the rates unfairly. You're only hurting the residents more.				
17	I understand that council is again raising fees for car share parking fees, absolve that paid for parking permits for privately owned cars. While I am not a heavy user of these cars, I am a North Sydney resident with one car and a car share service member. Now that my eldest daughter has her driver's license, we are more likely to use the car share, so I can avoid the need for a second car. Please reconsider your pricing and revert back to your policy of charging equal fees to the car share as you do to residents. Having these available to the community is a sustainable and affordable alternative to buying a used, possibly environmentally-unfriendly second car that would only put more congestion into our neighbourhood.	This matter is addressed in the Council report.	N	2(e)	27
18	It was brought to my attention recently that Car Share permit rates may be increasing. I am a frequent user of GoGet Car Share services. I do not believe that those who try to minimise road congestion and car ownership should be punished by raising rates. Costs must be kept down and more bays added (according to GoGet - in 2018 only two bays were added despite 600 new North Sydney members joining). If this information is correct, then this is very disappointing.	This matter is addressed in the Council report.	N	2(e)	27
19	I'm concerned car share permit rates are being raised unfairly and out of line with policy. Car sharing is an essential service to have available in North Sydney as it provides sustainable transport options for the entire community. "Last year Council raised rates for car share permits to be roughly three times more than the top rate a private car would normally pay." What is the justification for this? "This change ran counter to Council's Car Share Policy which is meant to tie the cost of a car share permit to match what a resident would pay for their private car, so that all residents are treated fairly. Car share users should not be penalised for choosing more sustainable transport options that help your entire community." Has the council's car share policy changed? Are car share users being penalised unfairly?	This matter is addressed in the Council report.	N	2(e)	27

No.	Key Points Raised	Response	Recommended Plan be Amended Y or N	Criteria Code	Plan Page Number
20	In order to give car share users a fair go - and at the same time reward car share users and operators for using more environmentally sustainable transport options - you must restore car share permit rates back to equitable levels. This will also ensure the lower north shore is not over run with even more private vehicles when there is no space for them to go!	This matter is addressed in the Council report.	N	2(e)	27
21	I am a rates paying owner/occupier and I am livid that car share permit fees are higher than those residents who have their own cars. Last year Council raised rates for car share permits to be roughly three times more than the top rate a private car would normally pay. I ask that this be reversed. This is counter to Council's Car Share Policy which is meant to tie the cost of a car share permit to match what a resident would pay for their private car, so that all residents are treated fairly. Why am I, as a car share user, being penalised for choosing a more sustainable transport option?? Your rate increases are making it unaffordable for me to continue using rideshare...if the costs continue to rise it will become more economical for me to buy my own car again. So much for progress.	This matter is addressed in the Council report.	N	2(e)	27
22	I believe North Sydney Council has previously been a leader in sustainability and the environment with its positive embrace of the car share model. To backtrack from this would be a very negative thing to do. Where I live, in Glen St Milsons Point there are a half-dozen or so GoGet cars available within walking distance. This fact, and together with the proximity of train, bus and ferry options, makes transport a no-brainer for living and paying rates and voting in this electorate. We even sold our car and use GoGet as our share car option for those times when we need independent transport. To force share car options out of the area because of disproportionately raising parking charges compared to local vehicle parking permits would be a massive step backwards. More private ownership, more cost to maintain the roads. We need more such share cars in the area (Area 5) as the population in the area increases - and if increasing the cost of provision in the area makes them commercially unviable then it's a huge step backwards for environmental sustainability.	This matter is addressed in the Council report.	N	2(e)	27

No.	Key Points Raised	Response	Recommended Plan be Amended Y or N	Criteria Code	Plan Page Number
23	As a local resident and voter, I strongly disagree with the proposal to increase the permit fee for car share operators.	This matter is addressed in the Council report.	N	2(e)	27
24	Car share charges. Could I encourage Nth Syd Council to keep car share fee charges modest. many people use the cars and save the Nth Syd area from an oversupply of cars on the road and for parking. Seems like twin-win to me.	This matter is addressed in the Council report.	N	2(e)	27
25	As a resident of the North Sydney community, the cost and accessibility of community vehicles directly impacted our decision to sell our car and be car free. I think our community would welcome further advancements in this space.	This matter is addressed in the Council report.	N	2(e)	27
26	I am a resident of North Sydney and choose not to add to the traffic congestion and pressure on parking spaces by using a car share service. I am disappointed to learn that council has discouraged the use of car share services by increasing fees and limiting the number of car share parking bays. I urge the council to reduce the fee paid for a permit by a car share operator. The presence of these services, and their financial viability, contribute to a positive local area and council should adhere to their own stated goal to support these services by reducing the license fee.	This matter is addressed in the Council report.	N	2(e)	27
27	I am a North Sydney rate payer and occasionally go get user. I think this is a fantastic initiative, especially in a suburb with a transient population. Why discourage GoGet with a three times fee increase when everyone else has to make do with CPI? I strongly oppose the proposed fee increase!	This matter is addressed in the Council report.	N	2(e)	27
28	Last year Council raised rates for car share permits to be roughly three times more than the top rate a private car would normally pay. I believe further increases are proposed for this year. I am advised that these changes run counter to Council's Car Share Policy which is meant to tie the cost of a car share permit to match what a resident would pay for their private car, so that all residents are treated fairly. <u>Please return the cost of car share permits to what the policy directs.</u> I am a council-area resident without off-street parking. I do not own my own car based on "GoGet" car share membership (includes a car share "pod" on my own street). Council's support of GoGet's car	This matter is addressed in the Council report.	N	2(e)	27

No.	Key Points Raised	Response	Recommended Plan be Amended Y or N	Criteria Code	Plan Page Number
	share scheme, and local presence, supports my decision to not own my own car (otherwise requiring on-street parking). If “GoGet” withdraw from council area due to increased Council charges then I will need to reconsider my decision to not own a private car. An additional private car which would consume additional on-street parking in my area.				
29	Car sharing is great - please make more bays available and bring the charges down.	This matter is addressed in the Council report.	N	2(e)	27
30	As I understand it - Council proposes to ramp up prices for GoGet spaces in North Sydney. You also want a 40+% rate increase over a few years when wage growth is near zero. I thought during the council amalgamation process you argued that you were “fit for the future”. I do appreciate all the fancy footpath work but it’s just a footpath and it’s expensive. What are you thinking? When I moved to the Pacific Highway a factor was access to GoGet so I sold my car and took an apartment with no car space. I use their cars quite a bit and the economics are working for me.....so far. A rate rise will make me redo the maths and if it doesn’t work I’ll have to think about being carless which, even with GoGet, has its disadvantages. Surprised and disappointed with your plan.	This matter is addressed in the Council report.	N	2(e)	27
31	GoGet’s electric hybrid in Neutral Bay has been invaluable for our family and reducing cars on the road and affordable and green options should be encouraged as part of the council’s policy. Tripling the rates may lead a lot of residents using the service to resort to buying a car. Please reconsider the rate increase.	This matter is addressed in the Council report.	N	2(e)	27
32	Come on North Sydney Council! Support the Car Share operators and residents of your jurisdiction who do the right thing environmentally and who choose a more sustainable option which removes multiple vehicles off the road. If you’re not going to provide residents in your local council area and who are in mixed used zones within Council’s jurisdiction with the ability to have a parking permit, then have a conscience and allow the more environmentally friendly option of multiple users using a few available vehicles which removes cars off your already jam packed roads to use a fair and equitable company	This matter is addressed in the Council report.	N	2(e)	27

No.	Key Points Raised	Response	Recommended Plan be Amended Y or N	Criteria Code	Plan Page Number
	<p>providing an alternate option. Are you really in touch with the local residents in this area? Several high density residential developments have been and, are being developed, in your local Council area. Seriously how many more cars do you want to allow in this precinct? Provide people with a viable option to only use cars when they need must surely be a win-win situation - roads are less congested and councils are supporting an environmentally friendly service.</p>				
33	<p>I am a regular GoGet user and really appreciate the availability of car share. It means I don't need to have a car that I would have to park in the street in North Sydney where I live. Please do what you can to encourage car share. More and cheaper parking spaces for them would be a great start.</p>	<p>This matter is addressed in the Council report.</p>	N	2(e)	27
34	<p>I heard that car share council permit fees have gone up and will be passed on to car share members. I request that the permit fees are returned to the original rates before the increase. I use GoGet and if their fees increase more, I'd be better off buying a car. Please reconsider the fees you charge them.</p>	<p>This matter is addressed in the Council report.</p>	N	2(e)	27
35	<p>I am disturbed by Council's ongoing lack of support for car-share schemes - both in terms of fees and in terms of the provision of spaces. This lack of support flies in the face of reason at a time when every effort should be being made to reduce the number of cars on the roads, reduce pollution, and free up spaces for car-owners. Car share achieves all this, plus utility for resident users, and Council should be actively supporting car share in North Sydney.</p>	<p>This matter is addressed in the Council report.</p>	N	2(e)	27
36	<p>I am a member of GoGet and have been informed that Council plans to increase the cost of permits for car sharing. I live on Napier Street and do not own a car. I do, however, need to use cars every so often. This is where GoGet is filling a void without the need for me to own a car, which would in turn clog-up our roads further. I wanted to express my pleasure with GoGet and to encourage council to reconsider increasing the cost of carsharing options, as this discourages the carsharing initiatives which are essential in helping to ease the infrastructure congestion debacle that we have in northern Sydney.</p>	<p>This matter is addressed in the Council report.</p>	N	2(e)	27

37	Please do not make changes to the car share policy. Council should be promoting car share and not encouraging ownership of cars.	This matter is addressed in the Council report.	N	2(e)	27
38	As a regular user of GoGet car share, which is an environmentally friendly and economic way of blending public and private travel, I think it is a step backwards for the council to target such schemes with excessive rate rises.	This matter is addressed in the Council report.	N	2(e)	27
39	I use car share a lot to save the environment, can you please keep the cost of the permit low to make it feasible for the public please? Thank you very much.	This matter is addressed in the Council report.	N	2(e)	27
40	Council should endeavour to obtain authorisation for rate charges to be shared more equitably between home units and other dwellings. The great number of home units being charged minimum rates regardless of their value is imposing too great a residual burden on house owners. It should inform ratepayers of its efforts to have this injustice rectified.	Council will endeavour to apply all revenue policies on an equitable basis. The current rating legislation restricts Council's ability to address the imbalance of the number of minimum rateable properties. The SRV has attempted to reduce the rates gap.	N	2(e)	Not relevant to Fees and Charges
41	I use GoGet car share and, as a result, have no vehicle. That means one less car competing for space in Crows Nest where parking is at a premium. Please don't penalise me further by gouging fees from the car share arrangement. I realise they are not charities, but since they are helping take many cars off the road, neither should they or their users be exploited. I also realise that private car owners may object to the reserved parking - and may temper that view if they realised that if the share service was removed they would be competing with dozens even hundreds more cars every day! Kindly return the cost of share permits to the established policy.	This matter is addressed in the Council report.	N	2(e)	27

42	My wife and I use a car sharing service, GoGet, and understand from them that car share rates are much higher than for private cars. This seems be counter to the desire to increase, not detract from, car sharing. We have one car and one off-road carport. Having a GoGet car within walking distance, and shared with the neighbours, means instead of using a whole car space for a second car, we use something like 1/250th of a car space for a share in second car. Works for us. If NSC needs more cash (and who doesn't), for things like the North Sydney Olympic pool how about a direct fund-raiser for that. We'd be happy to contribute as we're infrequent users but are in favour of a pool to be available for teaching people to swim and reduce the annual toll of drownings.	This matter is addressed in the Council report.	N	2(e)	27
43	It is absurd for car share fees to be more than normal cars. Council should be encouraging the use of share vehicles.	This matter is addressed in the Council report.	N	2(e)	27
44	Please do not raise the fees on car sharing permits for go get as it is ridiculous to do so making it then more expensive to residents to use. This is totally non sensical and should not happen.	This matter is addressed in the Council report.	N	2(e)	27
45	We are regular users of car share - it means that we don't have a second car- we have been a one car family for the past 6 years. I believe that last year you raised the cost of permits for car share cars to 3x what residents pay. I understand that you want to raise this again. Why??? They are providing a service that means less cars on the street. It goes against council's own policy. Please consider this gets passed directly onto us as consumers with higher fees and negates the effectiveness of the car share model, which Council should be supporting.	This matter is addressed in the Council report.	N	2(e)	27
46	We believe that permit fees should be equivalent to what a local resident would pay to park their own vehicle on local streets. For this reason, we believe the proposed schedule of annual fees runs counter to the intended public benefit of car share in the North Sydney area. An increase in fees adds additional costs to car share and would likely curb or even reverse its growth, impacting both congestion, parking availability, and emissions reduction. While providing an obvious preference to residents who continue to own a private car parked on	This matter is addressed in the Council report.	N	2(e)	27

	public land, which is for the sole use of that household, contrasted with their ever-growing number of neighbors who choose to utilise shared transport.				
47	I am a North Sydney resident and a user of GoGet car sharing community. I recently came across the news of a steady hike in the parking fee for car sharing pods. It does concern me as I believe such initiatives should be encouraged to maximum possible extent and not otherwise which might result in less usage of car sharing options. I appreciate if the same can be reviewed and appropriate fees can be applied to encourage community to use more shared cars rather than individual ones.	This matter is addressed in the Council report.	N	2(e)	27
48	I'm writing in regards to the apparent rate rise North Sydney Council intend to impart on car share firm GoGet. This service provides convenience to me and others I know, both personally and professionally, providing an alternative and affordable solution to owning a second car with added flexibility of not using taxi or uber services. Should the rate rises go ahead, these will naturally be passed on to the GoGet members, potentially making it an unviable solution. I wholeheartedly believe local Councils should be looking to sustainable solutions to transport, encouraging car share services. Both living and working within North Sydney Council area, I am extremely proud of the stance and the work done on sustainable practices by the Council (Coal Loader, community gardens, waste and recycling, bushland and wildlife programs), but to then penalize those offering a commercial solution to traffic, pollution and sustainable transport solution, seems extremely contradictory and disappointing. Please reconsider the changes to rates on car share operators, and support sustainability in all forms.	This matter is addressed in the Council report.	N	2(e)	27

49	As a resident of North Sydney, I strongly oppose the increase in fee charges for car share permits. This area should be pioneering the way for collaboration, inclusive communities and lowering carbon emissions by taking unnecessary vehicles off our roads. I believe you should in fact decrease the cost of these permits in order encourage more people to move towards car sharing.	This matter is addressed in the Council report.	N	2(e)	27
