The Hon. Andrew Constance MP  
Minister for Transport  
GPO Box 5341  
Sydney NSW 2001

Dear Minister

*Andrew*

I recently attended a meeting of the Harrison Precinct of North Sydney Council organised by the B-Line Zone C Committee of residents and local businesses.

At that meeting it was requested that the B-Line run for a trial period of 3 months without the infrastructure changes (including the tidal flow) to ascertain whether traffic and commuter benefits can be achieved without the need for infrastructure changes.

A proposal was also put forward by the Mayor of Mosman, Cr Carolyn Corrigan, that the B-Line proceed without the Mosman and Neutral Bay bus stops, and that it instead operate as an express Northern Beaches service without the North Shore stops.

I would appreciate your advice and consideration in relation to these issues.

Yours sincerely

*Felicity Wilson*
