Dear Ms Wilson,

**RE: PROPOSED STREET TREE REMOVAL ASSOCIATED WITH B-LINE PROJECT**

At its meeting of the 9 October 2017, Council discussed the issue of tree removal associated with the implementation of the B-Line project. In particular, Council resolved:

1. *THAT Council urgently write to the Premier and our local member requesting that they immediately stop the destruction and pruning of our local trees on Military Road and in St Leonards Park.*
2. *THAT Council urgently request the full Statement of Effects for the B-Line including negotiated changes that have been made and promised to various community groups by the B-Line representatives of RMS.*
3. *THAT Council request a copy of the test results of the tests undertaken by RMS within the last month.*
4. *THAT a copy of the correspondence and any responses be published on Council's website.*

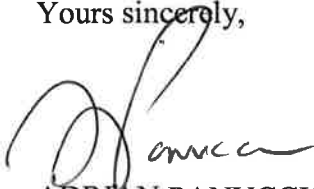

In accordance with Resolution No.1, Council requests that the State Government takes all measures to prevent the destruction and pruning of highly valued trees within the North Sydney Local Government Area along the B-Line route.

Council has written to the Road and Maritime Services, who is both the proponent and the Determining Authority for 'Package C1' of the B-Line project (Clash Removal Works) in relation to the above resolution and is currently awaiting a response.

Council is willing to discuss with the RMS with regard as to how best accommodate the B-Line route, whilst minimising impacts on vegetation.

If you would like to discuss this matter further, please contact Marcelo Occhiuzzi, Manger Strategic Planning, on 9936 8100.

Yours sincerely,
